RUTRONIK TECHTALK MEETS
INDUSTRY 4.0
MARCH 22 & 23, 2022 | ONLINE

WE'RE TALKING ABOUT A REVOLUTION

RUTRONIK
ELECTRONICS WORLDWIDE

We are on the brink of the fourth industrial revolution. Industrial automation and digital transformation go hand in hand. In the future, people, machines, facilities, logistics and products communicate and cooperate directly with each other. The goal is clear: increase in productivity, efficiency, speed and quality. This not only gives companies competitive advantages such as faster time to market, increased flexibility and innovative strength. It also creates the basis for the business models of the future.

At **RUTRONIK TechTalk** meets **Industry 4.0** on **March 22 & 23, 2022**, we will look ahead together. Leading manufacturers such as **C&K**, **Infineon**, **Lextar**, **Samsung** as well as **Apacer**, **Yageo**, **JAE**, **Omron**, **Vishay** will present new and innovative developments and solutions for the industry of tomorrow.

Top-class experts offer comprehensive insights into topics such as **Human-Machine Interface Development**, **Connectivity Solutions for Industry 4.0**; **MLCC Solutions for Industry 4.0**, **Remote SSD Management**, and many more.

Be part of the revolution and join us!
